Why Refer Obstetric Imaging to LHR/Mid Rockland Imaging?

Obstetric Imaging Uniquely Provided by LHR's Center for Maternal, Fetal, and Placental Health – Mid Rockland Imaging

☑ Accreditation

by the American Institute of Ultrasound in Medicine (AIUM). We are the region's **only** accredited provider of ultrasound studies in all of the following disciplines:

- Detailed OB
- Adjunct problem solving/syndromic detailed OB
- Fetal Echocardiography
- Gynecologic Imaging

☑ Placenta

As accredited by the Fetal Medicine Foundation (FMF) we are the region's **only** accredited provider of universal placental health and quantitative assessment for preeclampsia and other placenta related adverse obstetric outcomes in each trimester of pregnancy employing FMF multifactorial algorithm - the most rigorous evidence based methodology in identifying which patient's best benefit from aspirin treatment and which patients require increased surveillance.

☑ Cardiac

The region's **only** AIUM accredited provider of universal fetal cardiac ultrasound - reporting the exclusion of specific cardiac malformations on all OB anatomy scans ensuring safe delivery in a community hospital and/or the most appropriate tertiary care center.

☑ Brain

Accredited provider of Adjunct Neuro Sonography including direct measurable corpus callosum imaging necessary to complete and optimize the assessment of pregnancies at increased risk for multi malformative syndromes as well as identifying which fetuses will require fetal brain MRI.

☑ Obstetric MR

Regions **most-experienced provider** of Fetal Brain MR, Fetal Body MR and Placenta MR for placenta accreta spectrum disorder. All exams are protocoled and interpreted by board-certified radiologist, Daniel Cohen, M.D.

☑ Consultation

For over 20 years, the tri-state MFM community has referred their most difficult cases to Dr. Cohen for his problem solving MR and accredited hands-on adjunct ultrasound imaging and consultative expertise.

Dr. Cohen is available 24/7 for referring clinicians & staff with any questions:

Dan Cohen, M.D. | *Director, Maternal Fetal and Placental Health*
