Filter by Timeframe

Click to filter by date timeframes.

Order and Schedule

Order and schedule for most types of exams. Track orders by status. Access our appointment book and select available time-slots—in real time—including weekend and evening appointments.

Search

Search for your patients, or patients belonging to other providers in your practice, using common attributes. You can also search for patients outside your practice.

Get Help

If you need help getting started, solving technical issues, or learning how to use the portal, contact the portal's Web Team.

My Folder

Add exams to custom folders for convenient access in the future. Name your folders in ways that make sense to you to help you organize an exam archive.

View patient's exam history—providing access to reports and images.

2 Series 3: T1 SAG Images: 27

Image Viewer Options

Quick Viewer

Click in the lower-right corner of the thumbnail, indicated by a green highlight, to view a large, static display of the selected image.

Web Viewer

Access a basic set of controls to view and manipulate DICOM images with the Web Viewer, which works on any device.

Full Viewer

Use a full-featured DICOM viewer that displays diagnostic-quality images. The Full Viewer must be downloaded and installed on your computer.

Account

The Account Page allows you to define settings that are specific to your portal account:

My Profile

- Update your personal information, including email and phone numbers.

Settings

- Refine your view preferences for how patients are displayed on the Home Page and Orders Page.

Security

- Change your password.
- Change your security answers. These are helpful to retrieve your user ID or password, if you forget in the future.

Orders

- Change the default settings.
- Authorized others to order and schedule on your behalf (ordering providers only). See which providers you can order and schedule for.

Image Viewer

- Set your preferred viewer as the default for quick and easy access.
