EXAMINATION INSTRUCTIONS - Find your exam below

Mammography Examination

- Please do not use deodorant, perfume, powder, ointment, or preparation of any kind in the underarm areas or on your breast.
- Wear a blouse with a skirt or slacks instead of a dress as it will be necessary to undress from the waist up for the examination.

Bone Density Analysis - DXA

- Please don't take calcium supplements for 2 days prior to exam.
- Wear clothing without snaps, buttons, or zippers.

Hysterosalpingogram (Performed at Sierra Medical Imaging)

- Schedule exam for 9-12 days after the start of your menstrual period.
- No unprotected sexual intercourse from the start of your menstrual period until after exam.
- The day after your period starts, call to make an appointment at **559.322.4271**
- Nothing to eat or drink after midnight, the night before exam.

Breast MRI (Performed at Sierra Medical Imaging)

- For contrast, do NOT eat or drink anything for at least 4 hours prior to the exam.
- Notify our staff prior to your appointment if:
  - You have a pacemaker or defibrillator
  - You have a brain aneurysm clip
  - You have any metal or mechanical devices implanted in your body
  - You have kidney failure
